ABOUT ME

To be a creative and caring professional in the field of computer programming. I am a flexible person and very good at adjusting and learning new skills.

Consequently my positive attitude and strong ability of learning led to my academic achievement.

With a creative and dynamic mind, I'm keen on attending social practice and volunteer work with a quality of hardworking and rigor. Last but not least, I'm always honest by sticking to my promise and always willing to communicate with others or to help them with a great sense of teamwork.

EDUCATION

Finished 2020

Virtual University, Lahore

BS (Software Engineering)

Earned 3.48 out of 4.0 GPA.

PROJECT

Android SMS Scheduler Project

Built the android SMS Scheduler app as the final project in the BS Software Engineering program. The app was a default messaging app able to send and receive SMS, and MMS at a specified scheduled time set by the user. Some additional features of the app had been, data backup, data encryption, SQL database, and several others.
